Rallroad to Ste. Mary. It seems now to be a conceded fact that a rail road is to be built from Iron Mountain to a point opposite Chester, to form a connection with the rail road leading from that point to Tamaron, on the Illinois Central R. R., This being the fact. it can hardly be supposed that the once talked-of Lacleic and Fort Scott road, will ever be extended to St. Genevieve. We are sorry to have to admit this, but nevertheless it is a fixed fact, at least for several years to come. However, we should not become dishearted, but look about us, and see what we can do in someother direction. Our failure in cratic newspapers in said counties. this direction, perhaps, if looked at right, may be attributed to a want of energy and harmony in our action, that some do not want the "quiet of our town disturbed by the screeching 3d inst. furnishes the following: by all who knew him. Horrible Murder.

Our quiet town was, last Sunday morning, thrown into a state of intense excitement by the report that a neighbor had been assaulted, while quietly sleeping in his bed, and was left by the unknown fiend in a dving condition.
